About K-DISC and Emerging Technologies Division of K-DISC

The Kerala Development and Innovation Strategic Council (K-DISC), is a strategic think-tank and advisory body constituted by the Government of Kerala. K-DISC aims at bringing out path-breaking strategic plans that reflect new directions in technology, product and process innovations, social shaping of technology and creating a healthy and conducive ecosystem for fostering innovations in the State.

One of the stated objectives of K-DISC is to encourage/facilitate the adoption of Emerging Technology Solutions (ETS) in Government and public agencies to enhance efficiency and effectiveness of office systems and processes. ETS typically include Blockchain, Machine Language, Artificial Intelligence, Internet of Things, Gaming and Virtual reality, Augmented Reality, Big Data etc.

K-DISC follows a well-defined, transparent approach in project management. In its continuous endeavour to promote and support product and process innovations leveraging Emerging Technologies, K-DISC has already engaged with the concerned departments/agencies to initiate projects using Emerging Technologies in areas of Healthcare, Water Resources, Transport, Law Enforcement, Agriculture and Registration.

K-DISC would facilitate with different government departments that may need any of these technological advances to solve their critical problems and to arrive at the proof of concepts stage with adequate technical and financial resources to promote innovation. K-DISC will also ease the implementation by overseeing the same.

Some of the Objectives of ETS are:

- *Create an environment to facilitate innovation in Emerging Technologies for various Departments.*
- *Partner with Innovation initiatives of the Departments and architect solutions for pilot implementations.*
- *Provide technical and financial resources to promote the innovation.*
- *Promote innovations around Emerging Technologies, through various initiatives in Government.*
- *Handhold the pilot implementations till completion and provide necessary advice and support to both the Department and the Technology partners.*
- *Assist Departments in eliciting and articulating problem statements and conduct gap analysis.*
- *Involve in Benefit analysis and liaise with Domain Experts, Technical/Industry Experts and Organizations.*
- *Provide technical and domain expertise to scale up implementations in Innovative Emerging Technology solutions.*
